## *In Memory of Rev. Charles E. Fry July 13, 1929 – January 23, 2015*

Lion Charles (Chuck) E. Fry died on Friday, January 23, 2015 at his home surrounded by his family. He was 85 years old. He was born on July 13, 1929 on a farm near White Cloud, Michigan, just north of Grand Rapids in Newaygo County.

He became a member of the Grand Rapids Lions Club on October 11, 1984, sponsored by Lion Lynn Francis. He served as our Chaplain until his death, saying a prayer before our meetings and memorials for Lions members who had died. He was a 30-year Lions Monarch and served on the Lions Board of Directors (1993-96). Chuck was awarded the Lions Club's Lion of the Year (2001-02) and was the recipient of the Henry Voet Lifetime Achievement Award (2014).

Lion Chuck spent his entire life in West Michigan, serving 40 years as a pastor in the United Methodist Church (UMC). He pastored for several churches over the years. From 1968 to 1973, he headed the program staff of the UMC of West Michigan. Later, he was appointed Superintendent of the Central District where he supervised the work of fifty-five pastors. These varied appointments gave him the opportunity to serve as a part of nearly every board and agency of the UMC in West Michigan. He retired in 1989 as senior pastor of Trinity UMC on Lake Drive, Grand Rapids, and moved to Cascade Township. Rev. Fry co-founded Clergy Financial Services, a publishing concern that helped pastors around the country with their personal finances. During retirement, he prepared tax returns for clergy, thus enjoying new friends in 25 states.

Since retirement, Chuck was an active member of First UMC of Grand Rapids, a member of the University Club and the

Economic Club, tutored students at M. L. King Academy, served on the Advisory Board of the Cascade Library and was a Trustee of the Kent District Library. The Frys traveled overseas, leading both youth and adult groups on several occasions. Chuck enjoyed reading, model building, stained glass projects, boating, gardening, meeting new people and, after moving to a home at Clark Retirement Community on Keller Lake, enjoyed the wildlife flying into and out of Keller Lake, as Chuck and Betty Jean watched from their living room.

Thoughts shared at Chuck's Memorial Service reflected the person that Lions members knew. This kind and gentle man not only lived his life as an example to others, but also died with grace and dignity at peace with himself and the world. Chuck always met people with his warm smile and handshake. He always asked about you, whether meeting you for the first time or as an old friend. He seemed to seamlessly keep the spotlight on the other person simply because he was genuinely interested in them, whether this was as a pastor, a Lion or someone elsewhere in the community. He reached out to individuals and engaged others with warm conversation, whether they were wait staff in a restaurant, someone he had just met or an old friend. He treated everyone as an equal and they responded with a smile, and he probably made their day. Chuck had fun in life while doing serious work to serve others in so many ways.

Chuck attended Albion College (honorary doctorate in 1982) and Michigan State University, and graduated from Western Michigan University. In 1955, he graduated from Garrett-Evangelical School of Theology in Evanston, Illinois and was ordained that same year. Betty Jean Phillips Fry, his wonderful wife of more than 65 years, survives him, as well as their children and families: Bruce (Harpers Ferry, WV), Stephen (Grand Rapids) and Kathryn (Marshall, MI. Grandchildren include Gretchen Fry, Laura Gilbertson, Elizabeth Holden, Andrew Ludington, Allen Stahl and Lauren Stahl. Great grandchildren are Leo, Evie, Ilya and Desmond Holden, Josephine Ludington and Aurora Gilbertson. Also surviving him are sisters-in-laws are Bernona Fry and Joyce Phillips Elkins.

Chuck, we will miss your welcoming smile and friendship!

### **Tuesday, February 3** **Mind Meets Music, Dr. Monique Salinas**

Mind Meets Music was started in 2009 by Dr. Monique Salinas, as a project of the Girls Choral Academy to help students in Grand Rapids who were struggling to read and write. These children are likely to face difficulties throughout their education and life if their skills don't improve. Mind Meets Music became an independent 501(c)(3) non-profit organization in 2013 and has been expanding services rapidly ever since.

Last fall, Mind meets Music was awarded a four-year, \$2 million grant from the U.S. Department of Education to enhance teaching and learning through the arts. Dr. Salinas said at the time, "Music helps academic achievement, helping the brain in unique and wonderful ways."

The program consists of two 30-minute sessions per class twice a week in 10 schools -- seven that the grant will specifically target. Master Teaching Artists lead students in singing songs, reading and writing music, tapping music notes, and playing games to review new skills. The curriculum is based on Kodály Music Methodology, which uses rhythmic concepts to teach syllable sounds, memory and listening skills. What sets this program apart is that it uses singing, reading and writing music which is something accessible to every child. Through that medium the children learn to recognize patterns, sequences and steady beat, while it also helps them organize information. Dr. Salinas said, "It is very

gratifying to see children excel in this program and hear comments from teachers that it has improved their reading and math skills."

Our speaker today is Dr. Salinas, Executive Director. She did her undergraduate work at Aquinas College and Central Michigan University, and received her Doctorate in Music Education with a cognate in Conducting from Michigan State University.

## **Tuesday, February 10** **Neighborhood Ventures, Mark Lewis**

Neighborhood Ventures is a 501 (c)(3) nonprofit, neighborhood-based community and economic development organization with the mission to interject vitality into the heart of each Grand Rapids neighborhood by revitalizing its business district. It has a vision of a city full of vibrant business districts, distinctive and reflective of each of the unique neighborhoods.

Working with the businesses in each of the neighborhoods and the City of Grand Rapids, its efforts help to improve quality of life and quality of place to enhance the economic health of Grand Rapids' urban neighborhoods. Neighborhood Ventures focuses on the strategic priorities of business recruitment, retention & expansion and business corridor organizing. Because of its continued work, urban neighborhoods are more inviting to visit, safer to live in and better places in which to do business.

The Neighborhood Business Alliance, which represents the 20 neighborhood business districts in Grand Rapids, hired Mark Lewis, our speaker today's meeting, as Neighborhood Ventures' new director in 2009. Mr. Lewis had worked in several businesses and volunteered for various neighborhood residential initiatives before making his career change. Mr. Lewis is a Grand Rapids native and still lives in the city. He said he decided to become involved with the neighborhoods when he bought his first house in 1994 on Lake Drive SE in East Hills. He admitted that buying that house had a huge impact on who he is today.

Lewis graduated from Davenport College (now Davenport University) with a degree in business management and, two years later, earned his sales and marketing degree from Davenport. He's served as chairman of the Grand Rapids Board of Zoning Appeals since 2010. He is on the boards for SiTE:LAB and Friends of the Opera. Before he became Neighborhood Ventures' executive director, he was the organization's board secretary from 2005 to 2007, and board president from 2007 to 2009.
