

Dear Lions Clubs,

Thank you for helping us through out the day. Thank you for letting us go to the zoo I loved it.

One thing I loved is the hot air balloon ride. I loved it because the way it moves up and down.

My favorite part was getting in a real basket from the balloon.

I had so much fun.

Dear Lions club. Thank you for providing the transportation and tickets for the air Zoo. I appreciate your group for providing for the air Zoo. The food was good and the amusement park was great. I liked going on the simulators. I also liked the tour guide. He described every thing in good detail.

Thanks

Sincerely, Isaac (Chenier-Puiz)

Dear Lion's Club,

I just want to say thank you for sponsoring the trip to the Air Zoo. I had a great time. I would love to do more trips with you guys in the future. My favorite part was the World War II area of the Air Zoo and I also liked the video game exhibit. My favorite thing there was playing guitar hero. Not only that, I also loved the hot air balloon ride. That was a lot of fun.

Dear Lions Club,

I just want to thank you for all that you do for visually impaired students like myself.

I really enjoyed myself at the Air Zoo which would not have been possible without your help.

I really enjoyed the simulation aspect of the trip as well as getting to see all the historical planes.

Thank you,

From: D'Arelan Brana, 16 yrs old.

Thank you for bringing me to the air zoo. I had a lot of fun. There were lots of fun things like the Blackhawk and I didn't know there were that ~~much~~ much planes there. I had fun with the other kids and I hope we get to go back.

Thank you,
Andrew, age 9

I would like to say Thank You! to the Lions Club that funded that trip. I know that it is good for all of th V.I. students and learners to get out all together. I think that it is really fun. It is not a usual trip for all of us. The cool part for those that are fully blind is the tour. The tour really helps them to really feel what a plane is when they would not normally get a chance to. Thanks again. I really enjoyed it the whole way through.
