and

 **Cherry Health**
Comprehensive. Quality. *Healthcare.*

Every year, the Association for the Blind & Visually Impaired helps people throughout 13 counties in West Michigan struggling with severe vision loss or blindness to thrive in a sighted world.

The Grand Rapids Lions Club Vision Clinic at Cherry Health has worked to reduce preventable blindness, alongside Cherry Health’s satellite vision clinics and school-linked program, by providing an annual average of 17,000 visits for routine and medical eye care for those in need.

And the need keeps growing.

To assist the increasing number of individuals with unmet vision needs, *we need you.* Please help us raise money for these vital vision services.

With your financial support and participation, challenges caused by vision loss can be addressed.

Great ways to be involved are described on the next page. Your participation will help thousands of people in West Michigan whose lives are improved by the services of the *Association for the Blind & Visually Impaired* and the *Grand Rapids Lions Club Vision Clinic at Cherry Health.*

Thank you for contributing in a manner that is meaningful to you and impactful in our community!

Sincerely,

Jason Brown
